

# Today's trainer is from UCAS

Have you joined the growing number of educational and career centres that benefit from our professional development and training opportunities?

## VISITS FROM UCAS

Our Wider Picture presenters travel throughout the UK to deliver training sessions for schools, colleges and Connexions services to staff, students and parents.

## APPLY TRAINING

Our Apply training is delivered by trainers at approved centres throughout the year, or can be delivered at your centre as a bespoke session to meet the needs and requirements of your staff.

## TRAINING FOR NEW ADVISERS

Induction sessions, or The Knowledge as we like to call them, are one day workshops for inexperienced and new advisers run throughout the year at our Cheltenham headquarters.
