Online toolkits and presentations					Our online toolkits are designed to help advisers with the key stages of the UCAS process. The toolkits typically include class exercises, check-lists, myth busters, FAQs and PowerPoint presentations. Look out for details of the latest toolkits in our monthly newsletters or view them at www.ucas.com/adviserstoolkit
Videos					Watch our videos for tips from advisers, hear from international students who are currently studying in the UK and learn about how to apply. You can find our videos at www.ucas.tv/international
Virtual tours					It is not always easy to get a feel for universities or colleges without visiting them, and this is often impractical for those based outside the UK. We have drawn together videos and virtual tours from a number of UK HE providers to help students and parents better understand what individual universities and colleges have to offer. See the list of virtual tours here www.ucas.com/virtual-tours
International events					We can help with UK higher education queries about the UK and how to make applications. Come to one of the international events we are attending, or to one of the UCAS events in the UK. A full list of dates and events can be found at www.ucas.com/international-events
Training					UCAS' Professional Development Team offer a range of free and great value training opportunities to support the application process, through presentations, workshops and tailored programmes. Visit www.ucas.com/training for more information.
Registering as a UCAS Centre					Schools, educational advisers and agents who assist students with applications to UK higher education can become a 'Registered Centre'. It's free and provides organisations with a suite of tools to help manage student applications and gives access to the latest information and advice. For more information on how to become a UCAS Registered Centre, visit www.ucas.com/becomeacentre
Reports for schools					UCAS Reports for schools are valuable tools that help you analyse your students' university and college choices, and track their progression to HE. You can also compare your centre to others. These fantastic reports start from as little as £46.67 (+VAT) per year and bundle discounts are available. For more information and to view sample reports go to www.ucasmedia.com/ucasprogressionreports
Statistics					We maintain a set of freely available statistical resources providing intelligence on higher education admissions in the UK. These resources include our annual reports and reference tables, breaking down applications and acceptances across a variety of criteria. Our annual data files offer full and customisable data sets dating back to 2004. Go to www.ucas.com/data-analysis
Marketing campaigns					There are so many places and ways to study, and competition now is tougher than ever. We can advise you on campaigns and deliver them for you through our multiple UCAS channels – online and print advertising, email, direct mail and event marketing. Visit www.ucasmedia.com/services for more information.
