Confirmation, Clearing, and Adjustment 2017
What's new?

A Confirmation and Clearing tile on www.ucas.com/advisers will signpost you to the PDF of this brochure, as well as all the latest information and advice.

We plan to email advisers on SQA and A Level results days with a list of students who have not had their place confirmed at their chosen university or college. It is envisaged we will only be able to offer this to centres where applicants are taking qualifications with which UCAS has a formal Awarding Body Linkage (see www.ucas.com/advisers/exam-results). Testing is currently taking place on exact details, so please look out for more information on the website and in our newsletters.

What do I need to know?

Important dates and opening times – everything you need to know about what is available and when, for you and your students.

Clearing vacancies will be available at www.ucas.com/search from 5 July 2017.

Eligible applicants can add a Clearing choice in Track:
- on SQA results day (8 August) from 10:00 (UK time)
- on A level results day (17 August) from 15:00 (UK time)

Our direct contact service is available again for eligible students who have signed up.

Exam results

Confirmation of university and college places mostly happens following the release of summer examination results. Confirmation decisions and letters following the release of summer examination results. Confirmation decisions, in Adviser Track. What happens next?

Conditions of offer have been met

Applicants who have met the conditions of their offer:
- may still be accepted by the university or college, and may need to wait a few days for them to make a final decision. The university or college may be waiting for some information (confirmation of exam results, non-academic information, etc.) to make a final decision
- may be given a change of course, date of entry, or point of entry offer, which will be shown in Track. Applicants are not obliged to accept this. Track will display a Confirmation Change letter (AS12C) outlining the available options when all Confirmation decisions are made. They must then accept or decline the change. Applicants only have five calendar days to reply to a course change offer.

Unsuccessful applicants

Applicants who are unsuccessful and have paid the full application fee (£24) are eligible for Clearing. Those who originally applied for one choice, paid £13, and are not holding an offer, need to make the additional payment of £11 if they wish to enter Clearing. This can be done in Track using a debit or credit card.

Commitments and Confirmation

Applicants are expected to honour their Confirmation commitments. However, should an applicant find they no longer wish to take up their confirmed place, they need to contact the university to either withdraw from the UCAS application system completely, or request to be released into Clearing. This decision must not be taken lightly, as they will lose their place. Applicants should contact the university or college directly about a change of course, date of entry, or point of entry. More information about Confirmation can be found at www.ucas.com/exam-results.

Conditions of offer have not been met

Applicants who have not met the conditions of their offer:
- may be given a change of course, date of entry, or point of entry offer, which will be shown in Track. Applicants are not obliged to accept this. Track will display a Confirmation Change letter (AS12C) outlining the available options when all Confirmation decisions are made. They must then accept or decline the change. Applicants only have five calendar days to reply to a course change offer.

Track during Confirmation

Applicants can view Confirmation decisions in Track, which is updated continuously except for the periods when we are processing results. Please see the ‘important dates’ calendar at www.ucas.com/clearing for availability details. Applicants can sign in to Track to read their Confirmation letter (AS12).

You can view details of your students’ applications, including Confirmation decisions, in Adviser Track. If you haven’t yet subscribed to this service, please visit www.ucas.com/using-adviser-track.

Applicants who are not confirmed at their firm choice, but meet the conditions of their insurance choice, will be placed at their insurance choice (UI).

For applicants taking SQA and GCE exams, Confirmation letters can be viewed online in Track from the day results are published.

Conditions of offer have been met and exceeded

Applicants who meet the conditions of their conditional firm (C/F) choice have the option to try to find an alternative place through Adjustment, while still holding their original confirmed offer. Those who originally applied for one choice and paid £13, need to make the additional payment of £11 if they wish to use Adjustment. This can be done in Track using a debit or credit card.

Exam results

Confirmation of university and college places mostly happens following the release of summer examination results. Confirmation decisions and letters (AS12 for undergraduate applicants, CU12 for conservatoire applicants) are shown in Track.

Track and Adviser Track will be unavailable at certain times in August (see important dates), while we process Confirmation decisions.

Sending exam results

A full list of exam results that we receive and send to universities/colleges is available at www.ucas.com/sending-exam-results. Applicants with a conditional offer dependent on results that aren’t included in this list need to contact their chosen universities/colleges directly, as soon as they receive their results.

UCAS does not pass applicants’ GCSE results to universities and colleges. If an applicant has GCSE results as part of their offer conditions, they should pass these on to the universities or colleges as soon as they receive them, so a Confirmation decision can be made on their application.

All conditions of offers must be met by 31 August, unless otherwise agreed by the university or college.

Scottish students

Scottish students taking SQA qualifications, who have registered with the MySQA service, will have their exam results sent out by text and/or email by 09:00 on Tuesday 8 August. On the same day, all candidates will receive results by post.

International Baccalaureate (IB) students

You need to make sure UCAS is listed in the IB Information System (IBIS) as a provider who has permission to access the students’ results, due out on 5 July 2017. Please ensure you have submitted your requests through the ‘Request for results service’ option in IBIS. If you need any help with this, email ibid@ibo.org or phone +44 29 2054 7740.

If permission is not given, we won’t receive the results due out on 5 July 2017, which will delay Confirmation from the university or college.

Once results have been released, any further requests must be submitted by the candidate directly.

For further information, please see the section on ‘Ordering additional transcripts’ at www.ibo.org.
What is Clearing?

If your students don’t get the exam grades they hoped for and their places are not confirmed, they can try to find another course through Clearing. The Clearing process runs from early July and helps students without a confirmed place, and those who apply late, to find courses where there are still places available. Applicants become eligible for Clearing at different times, and it is available for students who:

•   apply after 30 June 2021
•   haven’t received any offers
•   declined any offers they have received

How do applicants use Clearing?

From early July, if an applicant is eligible for Clearing, they can add a Clearing choice in Track:

•   Applicants do not need to contact us to request entry into Clearing
•   Applicants should wait until they have any pending exam results before contacting universities and colleges about possible vacancies
•   Applicants should regularly check the status of their application in Track to find out if they are eligible for Clearing. On SQA results day (8 August), eligible students will be able to add choices from 10:00 (UK time). On A level results day (17 August), eligible students will be able to add choices from 15:00 (UK time).

Applicants who have conditional firm (CF) and conditional insurance (CI) choices aren’t eligible for Clearing until both the CF and CI providers have confirmed they will not offer places. Applicants sometimes know informally that they have been unsuccessful before we receive the official decision. In these circumstances, they should allow a little time for the decision to be processed. If there’s a significant delay, they should contact the universities or colleges directly to discuss this.

Applicants need to find out which courses have vacancies (see Clearing vacancy information), then contact universities and colleges to discuss the possibility of gaining a place.

If a university or college provisionally offers an applicant a place in Clearing, they’ll usually give them a date by which they must enter the course details in Track. Universities and colleges will not be able to formalise agreements to consider or admit applicants until:

•   they know the applicant’s Personal ID and Clearing number (shown in Track)
•   the applicant has entered the university or college and course details in Track

Applicants must keep their email and postal contact details up-to-date, and if they are using a school address for post, this should be updated when they go home.

Applicants can contact different universities and colleges to discuss vacancies, and may be informally offered several places. They will need to decide which offer to accept, as they can only enter one choice in Track.

Clearing vacancy information

Official Clearing course vacancy information is only published by UCAS and The Telegraph.

Clearing vacancies will be listed on our search tool at search.ucas.com from 5 July.

Clearing vacancies are also scheduled to be listed in The Telegraph on Thursday 17 August (correct at the time of publication).

Applicants are strongly advised to check their status in Track before enquiring about Clearing vacancies.

Universities and colleges are responsible for updating vacancy information in UCAS’ search tool. Despite this, there can be a brief time lag, and it’s important to understand that the situation concerning Clearing vacancies can change quickly. Applicants can only apply to a course with vacancies on the UCAS website – we recommend they contact the university or college if a course is showing as closed after they have been advised to apply.

Direct contact service

This year, we’re once again offering our direct contact service to applicants – designed to help those who find themselves without a university or college place.

It allows universities and colleges to make direct contact with unplaced applicants, enabling them to speak to applicants about a place on a relevant course once results have been received.

While the aim is to help applicants consider places they might otherwise not have been aware of, the service is entirely optional. Students who sign up will still be able to go through Clearing in the same way as previous years, if they want to. It’s important to remember they don’t have to accept any offers they receive, and should consider all their options before committing to a place.

It is important to advise students who find themselves in Clearing to continue to research Clearing vacancies, even if they have signed up for this service.

UCAS will ensure protocols and guidelines for contacting applicants are clear.

All current applicants from your centre will receive an email invitation with the option to sign up to this free service. In the event that they fulfil their offer conditions and receive a confirmed place, their name will be removed from the service and they won’t be contacted.

Find out more at www.ucas.com/advisers/direct-contact-service.

Some general tips about Clearing

Deferred entry applicants – as Clearing is not primarily intended to be used for deferred entry, applicants should check with providers if they will consider them.

Results – applicants should be able to verify their results if a university or college asks for them.

More information about Clearing is available at www.ucas.com/clearing, and a video guide to Clearing is available at www.ucas.com/videos.

What is Adjustment?

Adjustment is an optional service for students who meet and exceed the conditions of their firm choice. It gives them an opportunity to reconsider where and what to study, without losing their secured place.

Adjustment is open from 09:00 on 17 August until 31 August. During this time, students can register for Adjustment in Track. They then have five days to secure an alternative place. If they don’t, they remain accepted at their original confirmed place. For more information, check out www.ucas.com/adjustment.

A brief summary of Adjustment

•   It is optional.
•   Adjustment allows applicants to seek an alternative course without losing their secured place.
•   The Adjustment process runs from 09:00 on 17 August until 31 August.
•   An applicant has five calendar days to use Adjustment, from 17 August or the day their status changes from CF to UF.
•   If an applicant registers for Adjustment in error, please advise them not to worry and not to take any further action. When the five day period is over, their original place will remain unchanged.
•   There are no Adjustment vacancy lists. It is the applicant’s responsibility to contact a university or college to discuss an Adjustment place.
•   To secure an Adjustment place, the applicant must have received an alternative offer through UCAS before the five day period ends.
•   If an applicant does not receive an alternative place, they remain accepted at their current university or college.
•   Single entry applicants need to pay an additional application fee of £11 to use Adjustment.
•   Applicants who are in Adjustment who contact providers should make it clear whether they are enquiring or agreeing to accept an offer, as if the applicant is claimed in Clearing, they will not be able to retain their previous UF choice.

Find more about Adjustment at www.ucas.com/adjustment.
What is UCAS Conservatoires?
UCAS Conservatoires is the application service for performance-based music, dance, drama, and musical theatre at conservatoires in the UK, at both undergraduate and postgraduate level. Visit www.ucas.com/conservatoires for more information.

Exam results
Conservatoire music, dance, and drama places are confirmed after summer exam results are published. All Confirmation decisions are shown in Track, and Confirmation letters (CU12) are sent to accepted applicants. Track is updated continuously, except for the periods when we are processing results.

The general information given under the ‘Exam results’ heading for UCAS Undergraduate Confirmation also applies to UCAS Conservatoires applicants.

What happens next?
Conditions of offer have been met
UCAS Conservatoires applicants who have met the conditions of their guaranteed conditional first (GC1) choice will be placed there and the offer will update to guaranteed unconditional (GU1). We send these applicants a Confirmation letter. If the applicant was holding a second offer, this will no longer exist when the GC1 offer becomes a GU1 offer.

Reserve offers (VU or VC)
Conservatoires will only confirm a place for a reserve unconditional (VU) or reserve conditional (VC) offer if they have a vacancy for a guaranteed place. If there is no vacancy, the applicant becomes unsuccessful for that choice. Applicants who have accepted reserve offers will know by 9 September if a reserve place has become a guaranteed offer, or if the choice has been unsuccessful.

Conditions of offers have not been met
UCAS Conservatoires applicants who do not meet the conditions of their offers, will either be told they have been unsuccessful, or may be made an offer for a different course or year of entry. The conservatoire will contact the applicant to discuss any changes, and if the offer is accepted, a Confirmation letter will be sent.

Unsuccessful applicants
UCAS Conservatoires applicants who are unsuccessful cannot apply to any other conservatoires in the 2017 entry application cycle.

Commitments at Confirmation
Applicants are expected to honour their commitments at Confirmation. If they are placed at a conservatoire in the UCAS Conservatoires application system, they must take up that place or withdraw completely from this year’s application cycle. Applicants don’t have the right to turn down the offer and deal with any other conservatoire which recruits through UCAS Conservatoires.

Applicants should contact the conservatoire directly about a change of course, date of entry, or point of entry.

Our monthly newsletters continue throughout the year, with the summer editions focusing on Confirmation and Clearing. Make sure we have your email address so you receive these updates. If you don’t get these emails, visit www.ucas.com/adviserupdates to be added to our database.
