

Top tips for your students – preparing for a UCAS exhibition

You've booked for an exhibition, now **help your students make the most of their visit, with these tips to pass on:**

1

Register for your individual ticket – opt in to receive help and advice from UCAS and trusted third parties.

2

Study the floorplan – make a list of the stands you want to visit.

3

Think about the questions you want to ask – what do you want to know about applications, courses, the campus and facilities, and future careers?

4

Consider all your options – university, apprenticeships, gap years, employment, internships, and volunteering.

5

Check the seminar programme – plan to visit useful sessions, like applying to university, student finance and alternative routes and pathways.

6

Come prepared on the day – bring a pen and paper to take notes, and don't forget your ticket!
