## DR3\_024\_03 Applications by subject group and school type

UCAS

**Statistic:** Number of Applications

**Variables:** Subject Group (Summary Level) , Apply Centre Type , Cycle Year

**Coverage:** Applications through the main scheme, UK domiciled and 18/19 year olds

### Definitions

#### Apply Centre Type

The type of the school or centre through which the application was submitted, giving an indication of the type of educational establishment attended by the applicant. If an applicant is not applying through a school or centre then the Apply Centre Type will be set to 'Other'. In the interest of keeping a consistent time-series, the most recent school or centre type for each school code held by UCAS is displayed across the time series, regardless of the school or centre type at the time of the application. For example, academies were introduced 2012. Therefore any schools that were formerly 'Grammar' (or any other type) and changed to an academy in 2012 will be displayed as 'Academy' across every application cycle going back to 2007. Please note: Each school or centre can take only one value for their apply centre type, so numbers are not reported twice if the centre is both an academy and sixth form college, for example. This value is usually assigned by the school or centre themselves.

#### Subject Group (Summary Level)

Classifies courses into a summary level of 26 subjects. Each course is assigned up to three valid JACS3 subject codes (e.g. G100 – Mathematics) and a course balance indicator by UCAS, which are available for review by the provider. The course is assigned a subject based on these JACS3 subject codes and balance indicator, it largely correlates to the first two characters of the subject codes. Where there are more than one JACS3 subject codes for a given course, and the balance indicator is dual or triple, the first two characters of each subject code are reported in combination to a relevant category (e.g. Course with dual balance indicator with JACS3 subject codes B940 = Counselling and C843= Counselling psychology is assigned a subject 'Y Combined sciences'). Please note: Between 2007 and 2011 the subject codes assigned to each course were from the JACS2.0 classification, therefore JACS3 versions of the subject categories have been approximated for 2007 to 2011 to allow a consistent time series.

#### Cycle Year

The cycle in which the application was processed.

#### Number of Applications

Application is defined as a choice to a course in higher education through the UCAS main scheme. Each applicant can make up to five choices, which was reduced from six in 2008. The number of applications does not include choices made through the following acceptance routes: Clearing, Extra, Adjustment and RPAs.
