### Report DCS.01: UCAS Teacher Training applications at Thursday 7 February 2019

#### Technical notes and definitions

UCAS Teacher Training (UTT) provides a single admissions system for Higher Education, SCITT-based, School Direct, School Direct (salaried) and PG Teaching Apprenticeship courses. This report covers applications to UTT courses that are covered by DfE funding only. Applications to Welsh providers, along with other courses as specified by the DfE, are therefore not included here.

Values have been rounded to the nearest 5. This may result in instances where totals do not equal the sum of their parts. The values contained within this report are based upon operational data, and so rely on the input of information into the system by applicants and training providers.

Categories of a variable are only displayed if the value is larger than zero in one of the columns in the relevant row, after rounding has been applied. Therefore, there may be some categories of some variables which are not displayed.

#### Application

An application to a course made by an applicant. Applicants may make up to three applications in Apply 1 and may only make one application at a time in Apply 2. Withdrawn applicants and applications (those which are no longer available for consideration by the provider) are treated the same as rejected applications in these reports.

#### Subject

The subjects displayed are single subjects assigned to each course by the DfE, for use in these reports. Any course for which the DfE has not yet assigned a subject for this purpose will be displayed under the subject heading 'No single subject assigned'.

#### Statistics

Placed: unconditional firm application.

Conditional placed: conditional firm application.

Offer awaiting applicant reply: an application that has received a conditional or unconditional offer from the provider and the applicant has not yet indicated whether or not they will accept it.

Application awaiting provider decision: an application that has not yet received an offer or rejection from the provider.

Applicants holding an offer: unique applicants who have received at least one offer to which they have not replied, to the courses in the row. These applicants may be holding additional offers in other rows, and may be awaiting decisions from providers.

Applicants awaiting decision (no offers): unique applicants who have not received any offers to applications within the row, but have at least one application awaiting a provider decision. These applicants may have received offers to courses within a different row.

Applicants with offer(s) or awaiting decision: unique applicants who have at least one unresolved application (either an offer received but no applicant reply, or no provider decision) to courses within the row.
