UNDERSTANDING CLEARING STUDENTS: MOTIVATIONS AND MINDSETS

This report explores the perspectives of five student personas, shedding light on their decision-making processes, engagement with Clearing, and the factors influencing their choices.

By examining key trends and emerging patterns, we aim to provide universities and colleges with actionable insights to enhance their Clearing strategies and improve student experience.

WHERE NEXT? WHO APPLIES FOR LEVEL 4 AND 5 QUALIFICATIONS?

Published in partnership with Gatsby Charitable Foundation, this report explores the decisions, behaviours and experiences of applicants to Level 4 and 5 qualifications (or SCQF Level 7 and 8 in Scotland) through UCAS. It sets out how, with enhanced information, more people could benefit from these courses.
