EVENT INFORMATION

FIRST AID

If you sustain any personal injuries, or are present when an accident happens, please ask for assistance from the organisers or visit the information/registration marquee outside the exhibition hall.

INTERNET

For those that can, we recommend using Eduroam WiFi. For those exhibitors not on Eduroam, we can supply visitor logins on the day, a member of IT Services will be available on the day to support you. Whilst there is guest Wi-Fi we recommend using Eduroam to ensure the strongest connection during your visit.

SCANNING

To take advantage of lead scanning at this event, you need to download the Smartlead UCAS and have purchased scanning for the UCAS Discovery events. You will need a license code per device per event which are assigned to you when you purchase the scanning. Make sure your staff at the event have been provided with the license codes.

You will find a guide to setting up your device and how to manage your data in the [Exhibitor zone](#) along with a Scanning Instructions document that you can share with your staff attending the event. Hard copies are also provided on your stand. A member of the UCAS team will be on hand in the Tennis Centre to support you at the event or you can call 01242 544808 or email events@ucas.ac.uk.

RISK ASSESSMENTS

All exhibitors need to provide a risk assessment for your stand build and any activities that will be happening on your stand. Please upload to e-net or submit via email to events@ucas.ac.uk. The event organiser has completed a risk assessment for the event which can be found via your e-net account in useful documents, along with helpful templates and risk assessment advice.

BREAKDOWN

19th June 2025

From 14:50 until 16:00

Exhibitors must remain on their stands, and not start dismantling them until the exhibition is clear of visitors. We anticipate this to be 5 to 10 minutes after the exhibition closes. If exhibitors start dismantling stands while the event is still open, there will be no alternative but to close the exhibition, irrespective of how many visitors remain in the hall – this is standard industry practice, in line with guidance in the eGuide. This is because stands which are broken down while visitors are still in the hall pose a health and safety risk. As stated in the exhibitors' code of conduct, all issues raised will be logged and reviewed regularly by UCAS and HELOA. The same principles apply for dismantling, as accessing.

Logistics contractors must not enter the campus prior to 15.00.
