

End of Cycle 2015 Data Resources

DR3_019_01 Acceptances by Detailed subject group and sex

UCAS

Statistic: Number of Acceptances

Variables: Subject Group (Detailed Level) , Sex , Cycle Year

Coverage: All

Definitions

Sex

Sex as declared by the applicant.

Subject Group (Detailed Level)

Classifies courses into a detailed level of 215 subjects. Each course is assigned up to three valid JACS3 subject codes (e.g. G100 – Mathematics) and a course balance indicator by UCAS, which are available for review by the provider. The course is assigned a subject based on these JACS3 subject codes and balance indicator, it largely correlates to the first two characters of the subject codes. Where there are more than one JACS3 subject codes for a given course, and the balance indicator is dual or triple, the first two characters of each subject code are reported in combination to a relevant category (e.g. Course with dual balance indicator with JACS3 subject codes L370 = Social Theory and M900 = Others in Law is assigned a subject 'Y Combs of soc studies/law'). Please note: Between 2007 and 2011 the subject codes assigned to each course were from the JACS2.0 classification, therefore JACS3 versions of the subject categories have been approximated for 2007 to 2011 to allow a consistent time series.

Cycle Year

The cycle in which the application was processed.

Number of Acceptances

Acceptance is defined as an applicant who has been placed for entry into higher education.

UCAS: DR3_019_01 Acceptances by Detailed subject group and sex (All)

Subject Group (Detailed Level) , Sex		Number of Acceptances by Cycle Year								
		2007	2008	2009	2010	2011	2012	2013	2014	2015
