

End of Cycle 2017 Data Resources

DR2_040_05 Acceptances by number of choices and domicile

UCAS

Statistic: Number of Acceptances

Variables: Number of Choices, Applicant Domicile (UK / EU / Not EU), Cycle Year

Coverage: Applied before June deadline

Definitions

Applicant Domicile (UK / EU / Not EU)

Applicant's area of permanent residence summarised at a high level. This variable is derived from domicile as declared by the applicant and does not guarantee fee status. Split by the following values: 'UK', 'EU (excluding UK)' and 'Not EU'. Please note: The Channel Islands and the Isle of Man have been assigned as 'Not EU'.

Number of Choices

The number of main scheme choices made to a UK provider by each applicant. Only applicants who have made at least 1 choice to a UK provider are counted. Please note: Up until 2008 the applicant could make 6 main scheme choices, this was reduced to 5 main scheme choices in subsequent years. Up until 2010 this contains Route B choices, which were referred out sequentially. Therefore, applicants may have Route B choices that would not have been referred out, but would still be counted.

Cycle Year

The cycle in which the application was processed.

Number of Acceptances

Acceptance is defined as an applicant who has been placed for entry into higher education.

UCAS: DR2_040_05 Acceptances by number of choices and domicile (Applied before June deadline)

Number of Choices, Applicant Domicile (UK / EU / Not EU)		Number of Acceptances by Cycle Year
